## FURTHER STUDY:

1. Read Genesis 3 and consider in particular what was lost when humanity chose to sin. Then discuss the promise, substitute and eviction described in vs. 21-24.

⇒ Now, transition to God's solution at the cross...

⇒ In the book of Acts Peter (in agreement with Paul in 1 Corinthians) preaches 4 sermons that speak of this significant truth of the Cross of Jesus Christ.

⇒ Read each of the following passages and answer these questions:

- What does Peter communicate concerning the Cross of Jesus Christ?
- Who is Peter speaking to and what is his goal in communicating this truth?
- What do all of these passages have in common?

**Acts 2:14-41** (Notice particularly vs.22-24 for the theme of the Cross of Christ.)

**Acts 3:11-26**

**Acts 4:1-22**

**Acts 10:34-43**

2. In Christian circles we are tempted to set ourselves up as "spiritual watch dogs" (checking up on other people's behavior) or "pit bulls" (not letting go of a pet belief). If you've ever experienced someone playing one of these roles in your life, what happened in that situation and how did you respond/feel?

⇒ As you look at your own life, can you think of times when you've made the mistake of playing either of these roles in other people's lives?

⇒ What insights do you find in Matthew 7:1-5 on this subject?

3. In Ephesians 4:1-5, Paul addresses the issue of Christian unity. What kind of attitudes and actions does Paul write about that are needed to maintain unity?
