Church Community Builder

Welcome to Trinity Connect!

We believe that connecting with and sharing life with others is a critical part of growing deeper in our relationship with Jesus, and that's why we've developed Trinity Connect, a tool that serves as an online community for our church. This tool will allow us to connect in ways we never thought possible. You will be able to better connect with your groups, sign up for serving opportunities, view your giving records, and update any contact information to make sure you get important communication from Trinity. The goal is to equip and empower our church family with the most effective ministry tools to build community, engage with each other, and grow as disciples of Jesus. We believe Trinity Connect is a platform that's going to help us do that better than we ever have before.

How do I use Trinity Connect?

Get familiar with Trinity Connect by checking out these links:

- Basic User Guide [video](#)
- Understanding My Own Profile [article](#)
- [Login](#) and browse around

Is Trinity Connect secure?

- Church Community Builder, who powers Trinity Connect, works hard to keep all of your data [secure](#).
- Decide whether your profile will be seen by others in Trinity Connect or only seen by church leadership. To encourage interaction in the community, all profiles will default to showing email addresses and phone numbers to others unless you make changes to your [privacy settings](#).
- You control what [information](#) you make available to other users of the online community. While it is encouraged to make more of your personal information available to other members of Trinity Connect for building community, you determine what information in your profile is visible to specific sets of people.
- To protect children, kids under age 18 are not visible to general users of Trinity Connect.

Who has access to Trinity Connect?

- Our online community is private and only those who have usernames and passwords assigned to them can join. When a request for login credentials is received, if they are a Trinity member or attender, an email is generated with a link to activate the account. ([Learn how](#) to ensure that email from Trinity Connect ends up in your inbox rather than your junk folder).
- The [basic level](#) of access to Trinity Connect will allow you to update your contact information and view your giving history. Most users who are actively involved in church life will also have access to the People Search, which can be used as an online church directory.
- Child Protection: kids under age 18 are not visible to general users of Trinity Connect.
- Staff access is limited to the information necessary to do their job.
- In circumstances where someone is misusing the online community, the church office may restrict or block access to Trinity Connect.
